## Rutledge Carers

At Rutledge we know that caring for a loved one is not a 9 - 5 job. Rutledge carers are passionate, caring and experienced. Care is consistent and allows you to build up a relationship with your carer. All carers are fully trained in-house and also to your specific requirements in your home before care commences. This gives you an opportunity to meet your carer and decide if you are comfortable for care to start. We perform detailed background checks including Access NI clearance in addition to written employment and personal references for every carer.
